

Learning Activity:

LEARNING OBJECTIVES	EXPANDED CONTENT OUTLINE
Upon completion of this presentation the learner will be able to appraise the value of the model's applicability to their own educational or practice setting.	The author will provide exemplars of its use in the clinical and simulation setting and invite discussion about its potential use in other settings. The learners will be provided with copies of the model for consideration in their own practice and educational settings.
Upon completion of this presentation the learner will be able to critique the model as a whole and its components based on their own experiences in teaching and learning.	The author will invite discussion on the merits of the model as a whole and its components and be open to feedback. Feedback will be utilized by the author to further modify the model if necessary.
